

NEWARK, OHIO, MONDAY EVENING, FEBRUARY 16, 1920

President Stroop leaves shortly for a five-week business trip to Europe, including Berlin.

"That's the kind of music I like!"

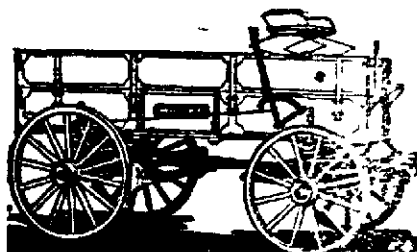

The instrument for your home is the instrument that gives you *your* kind of music. The Victrola does that—and more. The music you "like" is sung or played by the greatest artists of all time and consequently can afford you the utmost measure of musical delight.

The Victrola gives you the very music you want, sung and played by artists who have become famous because of their ability to bring out the beauties of each individual composition. Its wonderful fidelity of reproduction has attracted to the Victrola the greatest singers, instrumentalists, orchestras, bands and entertainers of all the world. No matter what your favorite music may be, the Victrola completely satisfies your every musical longing.

There are Victor dealers everywhere, and they will gladly play your favorite music for you. Victrolas \$25 to \$1500. New Victor Records demonstrated at all dealers on the 1st of each month.

CHAS. STEVENS

CHILD SOBS FOR MOTHER AS HE APPROACHES DEATH FROM EXPOSURE

Zanesville, Feb. 15.—Choked sobs of a young woman, who had been exposed to the cold all night Saturday, were heard by a police officer as he approached the home of her mother, Mrs. Leroy McMillan, since Friday morning. Officers say the girl ran away from home several days ago, and was found in a ditch, where she was exposed to the cold. She was brought home Saturday night, and later in the night left the house, where other members of the family were sleeping. Her condition last night was such that she was said to be critical.

Y CLASS IS HELPING NEWARK'S FOREIGNERS

For five months a small class in English has been kept up by the Y. M. C. A. for non-English speaking men, and just recently the class has been served by Newark students. The object of the class is to Americanize the alien residents. This class is small. Another and still more pressing effort is that put forth by Max Norpell, with his "Civics" group, composed of the same class of men. Secretary Lender of the Y. M. C. A. sent letters to a body of aliens who are seeking naturalization, and soon or each came in answer to the letters hoping to prepare themselves for citizenship. They are attacking the subject of American citizenship with resolve and hearty interest, and Norpell reports progress in this line.

VILLAGE AGAIN IN GRIP OF WINTER

Snow, Ice, Low Temperature and Gas Shortage Make Granville People Uncomfortable.

(Special to the Advocate.)
Granville, Feb. 15.—The village received a fresh consignment from the weather man Saturday night of the same old brand: "rain, turning to snow, ice, low temperature, low gas pressure, and general disappointment that the approach of spring is again postponed—indeed, the sidewalks that were cleared are again well covered with ice and snow and "goloshes" still dominate the scene.

Mrs. Henry Topping of Japan, who is in the United States on furlough, returned to Granville Saturday from a visit to New York and Washington, and will be the guest of Prof. and Mrs. T. S. Johnson while in the village. Mrs. Topping attended the National Women's conference of the inter-church world survey held in Washington, and as one of the speakers on the program was accorded a part in this new world movement which is absorbing the entire attention of prominent women everywhere. Plans were perfected for holding conferences of women in every state in the union, co-incident with the men's state conferences. This morning Mrs. Topping, accompanied by Mrs. Johnson, went to Columbus to attend the Ohio Women's conference of the inter-church survey, where she will appear on the program. Mrs. Johnson, dramatic soprano of the Granville Music club, will lead the music at these meetings.

Mrs. John McClain, president of the Granville chapter of the W. C. T. U., who celebrates the anniversary of her birth on St. Valentine's day, was surprised Saturday afternoon, by a score of her constituents, who came with well filled baskets and other tokens of good will to observe the return of the happy day. A large birthday cake with "sixteen candles" was the chief feature of the spread, following the afternoon's entertainment.

Mrs. J. B. White of Philadelphia was the guest of Mrs. E. J. Dorsey over Sunday.

Mr. and Mrs. J. H. Sutton of Dayton, who were week-end guests of Mr. and Mrs. Burton Case, have returned home. Mrs. Sutton (Miss Mary McDonald) a bride of the holidays, attended a banquet of Chi Psi Delta sorority. Mr. Sutton, 19, former editor of the Denisonian, visited his Sigma Chi brothers. Dr. and Mrs. Willis A. Chamberlin entertained at Sunday dinner, covers being laid for their house guest, Miss Blanche Beatty of Cleveland, Mr. and Mrs. Burton Case, the host and hostess, Miss Grace and Miss Frances Chamberlin.

St. Valentine was honored by many parties in Granville Saturday night, the favorite symbol being "the heart," from place cards to ice cream.

Emerson Owen, 12-year-old son of Robert Owen of Burg street, was taken to the Newark City Hospital and Saturday night underwent an operation for appendicitis by Dr. C. H. Hamilton of Columbus. His condition is favorable.

"Y ROUND TABLE" IS STUDYING LIVE TOPICS

The "Y Round Table" is an organization that has been meeting Thursdays at noon at the Y. M. C. A. for the purpose of discussing live current topics, namely, that of the relation of Christianity to the social order. This group of men got together the first of last November at the invitation of Secretary Lender, and under the serious consideration of the above question. As a text book "The Social Principles of Jesus" by Walter Rauschenbusch was used, a course which has been prepared for a systematic study of the social teachings of the Great Philosopher. In this book such topics as "The Value of Life," "The Solidarity of the Human Family," "The Values and Basis of the Kingdom of God," "The Social Test of Religion," etc., are enlarged on and accompanied with passages of scripture which throw the light of Christian truth thereon. An average attendance of ten men has been recorded for the 15 meetings held so far. Men such as A. S. Mitchell, Robert Crawford, William Wobbecke, Benj. R. Weld and some younger men have taken up the round table. The Round Table is open to all interested men, whether members of the association or not.

A twenty-five cent meal is served, at 12 o'clock, prepared by some member of the group. Proceeding the study period, good fellowship abounds.

Wasn't Going to Touch Any.
It was tea time and Billy came to the table with soiled hands. Mother immediately told him to leave the table. "Why," said she, "you must be washed. I wouldn't think of letting you touch a piece of bread with such hands." The child made no attempt to leave. He evidently concluded he could remain just as he was, for he said: "O, that's all right, mamma; that's all right. I didn't want bread anyway."

Maryland in History

The city of Baltimore was founded in 1728, Frederick in 1745 and Georgetown in 1751. Maryland played an honorable part in the Revolutionary war, and in 1788 congress met at Annapolis, where, on December 23, after the conclusion of peace, Washington resigned his commission as commander in chief. In the war of 1812 the state suffered severely. Fort Mifflin was bombarded by the English fleet in September, 1814, this battle being the occasion for the writing of "The Star-Spangled Banner" by Francis Scott Key.

WHYDE IDENTIFIED AS CHECK WORKER

Jeweler Identifies Prisoner As Man Who Purchased Ring, Paying Bill With Stolen Check.

Brady Whyde this morning was identified as the man who passed the checks on Haynes Brothers and S. S. Yingling, the jeweler, which had been stolen from the American Bottle company's office a week ago Saturday morning.

The identification was made in the private office of Chief Sheridan where Whyde had been brought from the county jail. Mr. Yingling was handed a ring by Chief Sheridan and asked if he recognized it and he replied "Yes, the ring and the box both came from my store and there is the man who purchased them and tendered me a check on the American Bottle company in payment."

Whyde then stated "Why, I've got another ring at home just like that in one of your jewelry boxes and how do you know that would be your ring?"

"By the mark on the ring," replied Yingling.

"That says only 14-k," Whyde replied, "and any ring may have that engraved on it."

"This is one mark you overlooked," replied Yingling, "a private mark of the house selling the jewelry, and I'm the only jeweler in Newark that they sold."

Mr. Yingling then asked Whyde how he got the ring he had at home, and the latter replied, "maybe I got it the same way I got the one you are holding in your hand."

E. F. Skidmore, cashier of the Franklin National bank was also present to identify Whyde as he and Stanley Coyne had each cashed one of the stolen checks, but he stated that he had cashed so many that day that he was not positive that Whyde was the man but he was sure that he resembled him.

James Fitzsimmons was also present in an endeavor to identify Whyde as one of Fitzsimmons' employees had cashed one of the checks but one of the men at the Fitzsimmons place stated that it was another fellow who had endeavored to cash the check, and this has caused Chief Sheridan to believe that possibly two of the men were working.

Five of the stolen checks have been accounted for to date and an effort is being made to get Whyde to disclose what became of the other 14.

An affidavit charging forgery was filed by Mr. Yingling this morning and also one by Mr. Hayes, against Whyde as he endorsed the checks with the name of the man for who they were originally intended. Each check cashed averaged a little over \$60. Whyde's hearing is taking place this afternoon in Judge Bolton's municipal court.

Whyde waived examination before Judge F. A. Bolton this afternoon and was bound over to the grand jury in the sum of \$500 for each of three counts, two for forgery and one for grand larceny.

BAHAMA GET BOOZE.

Nassau, Bahama Island, Feb. 4.—Prohibition in the United States which caused enormous quantities of liquor to be smuggled almost like a avalanche upon this city has transformed the Bahama government's financial condition as if by magic from deficit to comparatively a huge surplus, provided labor for large numbers of unemployed and put more money in circulation in this little British colony than has been the case for many years.

RUMANIANS WILL WITHDRAW.

Bucharest, Feb. 4.—The withdrawal of Rumanian troops from their advanced positions along the Theiss river in Hungary to the line fixed by the peace conference last fall has been decided because of the Rumanian government. It is said this retirement cannot be made in less than two months.

DANES STOP IMPORTS.

Copenhagen, Feb. 16.—Danish importers have decided to discontinue all importations of American cattle fodder because of the high rate of exchange. It was stated today in business circles here.

Fisherman's Lucky Day.

A 14-carat gold band ring was found by John Moore, one of the crew of the fishing schooner Gertrude De Costa, inside a big halibut caught on George bank recently. The ring is a man's size and is believed to have been dropped overboard from some trans-Atlantic liner. Judging from its condition when recovered from the halibut's stomach by Moore, the ring had been lost recently. Moore will wear it, as there is no way of determining its owners' lip.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes
—Most Women Can Have

Says Dr. Edwards, a Well-Known
Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During those years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale, jaundiced look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets, the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

That dangerous stage where a cold or cough or case of grippe might get the better of you has no nearer the end than Dr. King's New Discovery will avert a long stage.

For fifty years it has loosened congested chests, dissipated tight-packed phlegms, broken vicious colds and coughs. Give it to the youngsters—take it yourself. There will be no disagreeable after-effects. 50c. and \$1.20 a bottle. At your druggist's. Give it a trial.

Bowels Become Normal

—liver lives up, bile flows freely, headache, biliousness, tongue-fur, stomach-achiness, disappear when Dr. King's New Life Pills get in their natural, comfortable action. Purgatives, never pleasantly corrective, sometimes habit-forming, should not be taken to rack the system violently. Nature's way is the way of Dr. King's New Life Pills—gently but firmly functioning the bowels, eliminating the intestinal-clogging waste, and promoting the most gratifying results. Cleanse the system with them and know the boon of regular bowels. 25c. at all druggists.

AUDITORIUM.

"The Chocolate Soldier" Tonight.
The scene in the Chocolate Soldier in which the troop of "Bolshevik" soldiers search the boudoir of the fair "Nadine" is said to be one of the cleverest bits of funmaking known to comic opera. The Balkan heroes are equipped with most everything except a haircut and a shave, but notwithstanding these impediments, they never omit a string of half stop, a grunt nor a withering glance. The intrepid leader of the

no ocean possessions of Uncle Sam, namely, "The Bird of Paradise," will be seen at the Auditorium theater tomorrow evening.
It was produced eight years ago by Oliver Morosco. The story is by Richard Walton Tully, the author of "The Rose of the Rancho," "Omar, the Tent-maker," and "The Flame," his latest effort. Mr. Tully lived for many years on the islands, and in "The Bird of Paradise," he has brought his audience in close touch with matters pertaining

to them just before the annexation. He tells a story of love and intrigue, and although he brings the note of tragedy into the life of the little Hawaiian girl, Luana, who makes her mistake like many others of her sisters before her, yet redeems her error by her own self-sacrifice, also he shows many flashes of humor both native and American.

Laurette Taylor, Bessie Barriscale, Lenore Ulrich, Carlotta Monterey and Muriel Starr have been seen as Luana, and Mr. Morosco will now offer Miss Ann Reader, his most recent "find," whose personality and talent fit her admirably for this famous role. She is considered the equal to any who have been seen in the part before. She is surrounded with a carefully selected cast of over twenty acting people, including a quintet of native Hawaiian singers and players, whose music is one of the chief charms of the piece. The stage settings are lavish in the tropical settings and colorings, especially the last act showing Mt. Kilauea, Hawaii's dreaded volcano in violent eruption. Seats now selling.

Nazimova in "The Brat."

The success of Nazimova's latest production, "The Brat," which had its pre-release showing in Los Angeles and was acclaimed by the press of that city as the famous Russian star's best vehicle, has been duplicated elsewhere in whatever cities and towns the picture has been shown. From points as far removed as Oakland, California, and Cleveland, Ohio, has come an unanimity of opinion as to "The Brat's" distinctive excellence as a superlative production, and the star's unqualified triumph in her picturesque characterization of the little waif of the chorus.

In Oakland, where "The Brat" was recently shown, the pronouncement on the production was the "highest picture accomplishment of years." Oakland is the home town of Maude Fulton, the author and star of the stage play, "The Brat," from which the picture was made, and this fact lent special interest to the showing. W. D. Hoffman, writing in the Oakland Tribune said:

"Nazimova alone as the attraction would be sufficient to fill the American theater. When the combination of this premiere actress and a great stage success as the vehicle is offered there is an unusual temptation to theatergoers."

Nazimova in "The Brat" will prove a revelation and a treat.
"The Brat" comes to the Auditorium Friday and Saturday.

"Hitchy Koo."

Last night at the Athens theater the 1929 version of "Hitchy Koo" was presented to a packed house. Mr. Hitchcock himself is not alone this year. It would, of course, be utter nonsense to say that he isn't missed, but it would also be the uttermost nonsense to say that the presentation falls at all short of being a wonderful bubbling medium for an evening of riotous fun, uncontrollable laughter and keenest enjoyment.

The show is a cross between musical comedy and vaudeville. There are fifteen scenes (count 'em), with a dozen clever principals, sixteen good looking chorus girls (count 'em), and an untold

number of genuine, old-fashioned laughs (you can't count 'em). Frank Cornwell makes the opening speech this year. He comes wandering down the aisle before the curtain rises, down the aisle before the curtain rises, and standing at the foot of what he believes the entertainment to come in the only manner fitting—a constant flood of nonsense. As he says, "there's no sense to the blame thing," he greets related members of the audience and casually converses with other members of the cast behind the curtain. As he says, they are determined that everyone shall stay for the last act, so they have put it first on the program. There isn't any plot, the thing just switches around from one scene to another and no one knows or cares what is coming next. The only thing sure about the entire show is that everything about it is good.

"When the Preacher Makes You Mine," "Will You Remember?" "Six Times Six," "A Good Man Nowadays Is Hard to Find," "Pal o' Mine" and "Waiting."

The funniest act was the fourteenth, inside the circus tent, when Dan Sherman and Jim DeForrest reach the utmost of comedy. The prettiest costumes are worn by the four beauties in the "Waiting" number with Frank Cornwell, and the cleverest individual dancer is Artie Leeming—Ralph T. Jones in Atlantic Constitution.

Hitchy Koo comes to the Auditorium next Wednesday night.

to leave Neil, his bride of a week, for the front. As the moments of their last hour before his leaving pass, they watch the clock, and even turn it back to steal a few precious moments. The picture was made from Mrs. Humphrey Ward's famous novel and the scenes are laid in England.

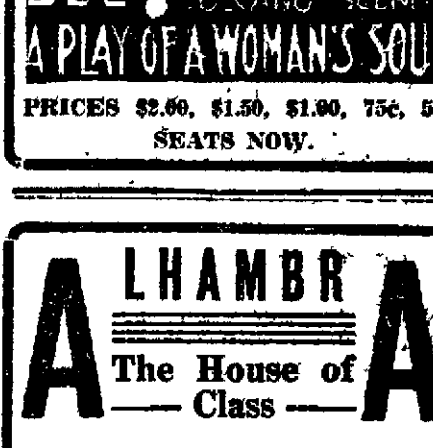

By singing a simple little love song, "Bonnie Sweet Bessie," Neil wins back the memory of her soldier husband, and so saves his life. The soldier is wounded and all efforts to restore his memory have failed until the young wife comes to the rescue. The sounds of "Bonnie Sweet Bessie," which was a favorite song of the soldier and his bride before their marriage, restores the soldier's memory. EMMY DESTINN.
"Where is Emmy Destinn?" For three years the only answer American music lovers could find was "Somewhere in Bohemia." The mystery was solved on her return last fall. During the entire period of her absence, she had forsaken her art to serve her country. She acted in the highly important but most dangerous capacity of secret service agent for her country, now known as Czechoslovakia and was an important factor in the successful repulsion of her country against Austria. She finally was captured and imprisoned in her castle near Prague. The period between her release from captivity after the signing of the armistice and her departure for America was filled with "doing her bit" to bridge over the first great need of the new Republic in giving almost daily concerts the proceeds of which went

to the Red Cross and to local agencies for distributing help.

Have an "Old Settler."

With a known lineage trailing through 3,000 dusty years the hare may well be called one of the ancient inhabitants of the earth. Among the oldest Jews the hare and its near relative, the coney of the rocks, were excluded from the ranks of edible animals; but as the flesh of the hare was found to be both nutritious and wholesome the prejudice against it gradually disappeared and it began to be grown and domesticated for food.

Lumberjack's Appetite.

We heard some time ago that the managers of the lumber camps had decided to refuse free foods to the vagrant lumberjacks, drifting from camp to camp, but not till we saw a lumberjack eat did we understand the fine impulse that led to the decision. After eating his fill, if one of the fellows should try to push his way down a logging road, he would get stuck between the trees and probably stay there until he starved.—Fetich News.

EX-MRS. DEMPSEY USES PRIVILEGE OF EVERY WOMAN AND CHANGES HER MIND

Mrs. Maxine Dempsey.

Mrs. Maxine Dempsey, former wife of Jack Dempsey, heavyweight champion, has taken back "them harsh words" she spoke about Jack. A couple of weeks ago she asserted not only that Jack asked her to sign his draft exemption papers, but stated also that he threatened her with bodily harm if she did not sign them. She added later that efforts were being made to take from her letters from Jack which would prove her statements. But more recently she said: "I'm sorry I hurt Jack. I don't deny saying things about him, but I guess I was crazy. I think the world of Jack Dempsey. He is just a big, wonderful boy."

SOCIAL AFFAIRS

The Tuesday Bridge club will not meet this week with Mrs. J. R. Fitzgibbons.

Palmer-Moore.
Announcement has been made of the marriage of Miss Leontine Moore and Mr. Frank C. Palmer, which was solemnized Saturday afternoon at 5 o'clock in the presence of the Second Presbyterian church. About the Swingknife.

A swingknife is a wooden sword, 18 to 24 inches long and 8 to 10 inches broad, used to scrape the woody portion from flax, a handful of which hangs over a groove in the standing board known as the swingstock. Swingknives are still used in the manufacture of flax in parts of the Old World, but modern machinery has pretty generally displaced them.

15 EGGS A DAY FROM 23 HENS, IN WINTER

Mr. Duni's Hens Increased Every Day. Plan is Easily Tried.

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks, we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day."—John Duni, Box 102, Cherry Valley, Pa.

Mr. Duni started giving his hens Don Sung in January, in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send \$2 agents for a package by mail prepaid. Burrell-Durges Co., 234 Columbia Bldg., Indianapolis, Ind.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbites, chills on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use. 30c and 60c jars; hospital size \$2.50.

Unanswerable Argument.

TOO MUCH TOBACCO AFTER FORTY-FIVE SUICIDAL, SAYS DOCTOR

Immoderate use of tobacco after forty-five is suicidal, says Dr. Hirschfeld, eminent medical author, and other doctors agree with him. Excessive use of tobacco is bad for anyone any time, and how much you can stand can only be told after it is too late if you have used too much. Better to quit, and here Nicotol will help you. Get a few Nicotol tablets from any druggist and let them drive the craving from you. If you want to resume after seeing how much better you feel without tobacco you can do so any time. Nicotol is sold under a positive money-back guarantee. It costs you little to quit and nothing if Nicotol fails.

Note: If you know you are smoking too much let Nicotol help you reduce the quantity and show you how easy it is to quit altogether. Ask your druggist about the success of Nicotol. He knows and can be trusted to tell you the truth.—Adv.

The thermometer registered 5 to 6 degrees below zero.

The quarterly meeting of the Licking County Teachers association will be held in the high school chapel Saturday.

Contractor Lufers says the Elystone well is of enough capacity to justify the gas company to put down more wells in that vicinity.

The Johnstown Building and Loan association of Johnstown has increased its capital stock from \$5,000 to \$10,000.

Walking Snakes.
It is supposed that the early ancestors of modern snakes walked on four legs. Some big serpents, such as the boas, even now have rudimentary hindlegs. But the "feet" on which all snakes do their walking today are the cartilaginous extremities of their ribs. To preserve these is the greatest difficulty in the preparation of an ophidian skeleton.

Paper Resists Fire.
Wrap up a very smooth piece of lead in a piece of paper, then hold it over the flame of a taper; the lead will be melted without burning the paper, providing there are no wrinkles in the paper and that it is in contact with the lead everywhere.—Electrical Experimenter.

"Cornell Clothes"

That "Achy Chill" May be the Flu!

IF YOUR throat is sore and your tongue feels stiff, and you ache—it's time to do something for you may be getting Flu or grippie. Don't hesitate. For you may let your trouble run into a serious illness.

LIGHTNING LAXATIVE QUININE TABLETS
Will Not Grip or Sicken

At the first sniffle or the first touch of sore throat thousands of people take this standard cold preventative. Some of them have been doing it for 15 years, and many of them say they kill their colds before they have a chance to get started.

Serious cases of course, should have a doctor's care. But for colds, sore throat, grippie and incipient "Flu"—Lightning Laxative Quinine Tablets give quick relief—if you take them soon enough. Usually they stop the trouble in 24 hours.

Your druggist or dealer will supply you at 25 cents a package.

Suggestions for Spring

Radiate From Every Department

ALL through the store the first arrivals of spring merchandise invite your attention, and we will take great pleasure in showing you at your earliest convenience—the new things for spring of 1920.

Spring Styles—are especially interesting just now at the beginning of the new season.

Perhaps you are most interested in a new suit—the styles are very pleasing—models in plain tailored—vest or blouse effect, button or braid trimmed, or it may be a new dress. The materials alone are unusually handsome, including Georgette—tricotette—crepe metelore—crepe de chine—foulards and combinations. Short sleeves—pleated ruffles, fancy beadings and embroideries—fancy lace collars and vestees all add a dainty finish to every model. And the NEW COATS—NEW SKIRTS and NEW WAISTS all come in for a share of admiration when you are looking at the new styles.

Then take a look at the new silks—fancy vestings—sport satins—wool skirting plaids and other fine wool fabrics.

The new wash fabrics must not be overlooked—most attractive are the wonderful combinations of colors shown in fine voiles—and the striking plaids in fine ginghams.

WE HOPE TO HAVE THE PLEASURE OF SOON SHOWING YOU—WHAT IS NEW FOR SPRING.

A 'FLU' VICTIM'S DOCTOR TOLD HIM 'USE NERV-WORTH'

And the Patient Found in This Tonic the One Successful Remedy After the "Flu."

Another very timely attention is given to this famous family medicine, given a few days ago to Springfield, N. Y. Work drugstore. T. J. Evans, who was very nervous and suffered with heart trouble, resulting from a bad case of the "flu." My nervous strength was very low and I was not eating well. I had to force down what I did eat and my stomach and digestion were in a bad condition. Could not get restful sleep, and was terribly run down and in a weak condition. My doctor told me to keep up the use of Nerv-Worth until I got in good condition which I have done. I was unable to get anything that did me any good until I found Nerv-Worth. Now I am up to my normal health, strength and vigor. I read Nerv-Worth as the greatest medicine I ever took and recommend it to others in my condition.

Yates, Springfield, Ohio. A host of folks in Nerv-Worth territory are taking Nerv-Worth daily to build up their systems so as to ward off influenza. Mr. Hamann did not want off the "flu" but he overcame its effects the next best thing. T. J. Evans sells Nerv-Worth in Newark. Your dollar buys 125 cents worth of Nerv-Worth. LADY SUFFERED FOR TWO YEARS

Stomach trouble never let up on her for one single day till she found Dreo, the new herbal remedy.

"For two long years I have been a patient sufferer from stomach trouble, constipation and a few other things," declares Mrs. Leoda Thompson, the well known and highly respected lady, who resides at 346 N. 10th St., Newark, O., in a signed statement for publication.

"I have spent many a dollar for medicine and doctor's bills, seeking relief from gastritis, dyspepsia, indigestion and constipation. My stomach often became so swollen from the gas that it felt like a rope tied around my body. No matter how careful I was about my food, it was the same; always that sourness, belching, bloated up feeling. My nerves became all unstrung, and I never knew a good night's rest. Heavy dragging pains in my back, over my kidneys, became almost unbearable. My eyes were watery, tongue coated, spots danced before my eyes, my limbs ached and my general health was about broken down.

"I am 52 years old and had given up hope of ever being strong and well again, but I am here today, praising Dreo for the grand, wonderful results it has given me. I am not like the same sickly, puny woman I was before, but feel good all over. Bowels act regularly, my food digests well, with no more gas or sour belching. The pains are gone from my back and limbs, and my liver is active again. Say anything you want in the paper about Dreo, for you will not be able to fully express my gratitude to this great remedy.

"A good druggist now sell Dreo and it is highly recommended in Newark by Evans Cut Rate Drug Store.—Adv.

ADVISES "CORN SILK"

Extract in Treatment of Kidney and Bladder Ailments.

Alays Inflammation and Restores Normal Action.

Just a simple extract of green corn silk compressed with other simple, well-known drugs, seems to bring results in the treatment of Kidney and Bladder disorders that might almost be classed as miraculous. Congestion and inflammation of the kidneys and bladder cause untold distress. Pains in back and hips, pain and pressure in bladder region, frequent desire to eliminate, causing restless sleep soon wears out the patient's vitality, and more serious results follow neglect.

The soothing, balmy effect of Balmwort Tablets are noticed quickly as the inflammation is allayed and the organs are toned up to act as nature intended. Alexander T. Matvey, 30 Elm street, Passaic, N. J., writes:

"I have been taking Balmwort Tablets for Kidney and Bladder trouble and find they give me the most beneficial results."

Stop your suffering and nightly distress by using your leading druggist for a tube of Balmwort Tablets. Price, \$1.00.—Adv.

BLISS NATIVE HERB TABLETS

Lack of exercise, poor food, improper digestion, and mental worry often cause SICK HEADACHE, HILLIOP'S, NERVOUSNESS, CONSTIPATION, and STOMACH DISORDERS. Lessen the danger of these ailments by using the Bliss Native Herb Tablets. Each box contains a full aromatic regimen, and is sold at a low price bearing witness to the value of ALLEN'S OIL. Bliss, for sale by all leading druggists in boxes containing 200 tablets for \$1.00, and a single size for \$2.00. Made by A. O. Bliss Co., WASHINGTON, D. C.

Object of the Trust Artists. It would appear to be the object of the trust artists to give permanence to images such as we should always desire to behold, and might behold without acquisition; while the inferior branches of design are concerned with the actual passions which depend on the turn of a narrative, or the course of an emotion.—Ruskin.

Alonist's Test. It is a common thing for an alonist to demand a specimen of handwriting in order to help him determine whether his patient has delusions, is insane, or is carried away by certain emotions, or any other quality. And there is a reason for this. It has been proved many times that there is a distinct relation between the nerves of the brain and those of the hand, so that a man's writing reflects his mental temperament.

STAY ON THE WATER WAGON!

If You Are One Who Has Quit Indulging in Strong Drink.

Cadomene Tablets Will Help You Over the Rough Period.

Cadomene Tablets are helpful to weak nerves. Weak, faulty nerves often come from strong drink. Sometimes the system is impoverished by excesses of one kind or another, such as poor digestion and faulty nutrition. Overwork, anxiety, and even grief causes abnormal nervous conditions. The strength of body declines. The strength of will power wanes. Nervousness and sleeplessness causes further weakness and loss of vitality. Years of faithful practice taught a great physician that the formula now used to make Cadomene Tablets would surely build up the health of his patients. Now, anyone can take this great medicine if needed. Mr. G. A. Hoover, R. R. No. 1, Reading, Pa., writes: "I am taking Cadomene Tablets with very gratifying results. Nervousness, overwork and sleeplessness are my complaints."

Mr. Joe N. Herndon, 1645 Twenty-fifth St., Sacramento, Cal., writes: "I am using Cadomene Tablets and find a great improvement has been brought about in two days."

Every package is guaranteed satisfactory to the purchaser.—Adv.

INTOXICATION WITHOUT LIQUOR

A form of intoxication that is even worse than alcoholic intoxication is what the Doctors call auto-intoxication. It means that the blood is taking up poison from the waste matter in the blood and distributing it to all parts of the body—thus "intoxicating" all the organs and making them sluggish and inefficient. You can welcome this auto-intoxication with the headaches, fatigue, sleeplessness, dyspepsia, foul breath and coated tongue that goes with it. If you will obtain a small box of Partola antiseptic and laxative mint candies and eat them as directed. They sweeten the stomach, cleanse the bowels, stimulate the liver and give the digestive organs a thorough antiseptic treatment. The result is that you throw off the poisons, overcome the tired feeling and put new energy into the whole system. Insist upon Partola. There is nothing "just as good" as these delicious tasting and health building candies. All Druggists sell Partola in 25c, 50c, and \$1.00 boxes.—Adv.

Seeing Him Home.

I was coming home from a dance, and I didn't want my escort, whom I had just met that evening, to know where I resided. We were walking down the street and I saw a pretty house. I stopped in front of this house and told my escort that I lived there and was obliged for his attention and kindness in taking me home. A look of bewilderment broke out on his face as he said, "Holy smoke, how do you live there when I live there?"—Exchange.

Happiness in Serenity.

The thing for us all to do is to be serene and happy, no matter whether we are four and twenty or three score and ten. To take disappointment philosophically, as something that can't be cured and therefore to be endured. To be kind and gentle and generous and forgiving—if we shall resolve upon all that, something better than youth will be ours.—Exchange.

Lignite in Syria.

Coal, in the ordinary sense of the word, does not exist in Syria, but there are beds of lignite containing traces of vegetable organisms. The principal beds are in the Mettu; that of Cornaieil, which has been worked; and in the district of Jezzine, those of Nihla and Hattout to the east of Sidon. This is very extensive but shallow and close to the surface. At Jezzine another, yellow and black, is abundant.—Christian Science Monitor.

Some Moniker.

Speaking of names, as the Nonard has been in recent issues, we once read of an English baby being christened "Actosopheapotes Kennett." Which is some moniker, you'll admit. No doubt it was considerably abbreviated later, and it is not difficult to imagine the lad's mother exclaiming in a moment of exasperation: "Actso, how can you act so?"

Where Buzzards Foregather.

Buzzards nest in trees in swampy places, if possible; if they can find an island difficult of access to man they speedily pre-empt the place, invite all the members of their kind within a radius of many miles, and make the island their breeding ground where thousands of them gather. At the breeding ground and at the roosting places the ground always is covered with fifth, bones, feathers and carrion of all kinds.

Our Country's Motto.

"E Pluribus Unum" was first suggested as the motto of the United States by Benjamin Franklin. John Adams and Thomas Jefferson, in August, 1776, they having been appointed a committee to choose a design for the great seal. It is claimed by some that the motto was suggested by a similar inscription used by the Gentlemen of that time. It first appeared on coins in New Jersey in 1776 when copper money was issued by that state.

Growth of Cremation Idea.

Available statistics compiled less than a decade ago show that in the United States the total number of cremations had risen to over 60,000 distributed among 34 crematories. The growth of cremation has been very rapid on the Pacific coast. In 1913 a contract was let by the government for the erection of a crematory in the Canal zone.

At the present price of things it will be a mighty rich political organization that can afford to buy votes.

Highly Pleased With Result of Her Experience

A chain is only as strong as its weakest link. If your stomach is out of order ill health will be the result. The stomach, in normal condition, digests and assimilates food, producing solid flesh, rich blood, firm, strong muscles and nerves attuned to the major key. These are the elements which produce abundant health and spirits, mental and physical vigor and make the happy, successful man or woman. Derived of its powers the stomach becomes a deadly enemy to health. Dyspepsia, indigestion, sour and liver troubles, kidney diseases, eruptions of the skin, sleeplessness, nervous disorders and other serious maladies are the result. Redex is a splendid stomach remedy and helps the organs to perform their proper functions thereby insuring health which every human being seeks to possess. Mrs. John Giesler, who lives at 116 South First street, Newark, in conversation with the Redex expert a few days ago, said: "Yes, I notice a great improvement in my general condition since I started to take Redex. My chief trouble has been with my stomach and I frequently had attacks of indigestion which were more or less distressing and painful. I had very little appetite and had to force myself to eat at meal-times. I was physically run-down and in very poor condition. Since using Redex I am not troubled with indigestion and my appetite is good. My condition is very much improved and I am feeling better in every way than formerly. I shall continue taking Redex as it has helped me wonderfully. I feel stronger and much more cheerful since I have been taking it." Those who suffer from ailments of the stomach, liver and kidneys, with indigestion, sour stomach, biliousness, constipation, pains across the back, or in the joints, and a general worn-out, run-down condition will find prompt relief in Redex. The Redex man is at Erman's Arcade Drug Store, where I will cheerfully meet all callers and explain the merits of this new remedy.

INTRODUCING SAHLUKENE QUEEN OF WITCH DOCTORS

Sahlukene Cele, once queen of the Zulu witch doctors, has abandoned her practice and is studying Christianity. Cele was known as premier "caster out" of "malignant spirits" in Africa. The Zulus believe these spirits have power to keep eligible young men from marrying. At least, the Zulu debutante thinks this true and when a proposal does not come quickly she seeks the witch doctor. Tribal wars in recent years have made men scarce in Zululand so Cele was doing a tremendous business when a field worker for the religious, social and economic world survey of the Interchurch World Movement met her. He saw Cele banish spirits with incantation and the smoke from a fire consisting of herbs, leaves, catfish powder, elephant's flesh and a live python. Cele explained that the python's ability to hold tightly was passed on to the medicine that she made from her husband in an everlasting grip. It was through the efforts of Dr. James B. McCord, a Congregationalist medical missionary, that Cele became interested in Christianity. Dr. McCord is now in the United States in the interest of a medical institute to be started in Zululand. Here the Zulu witch doctors will be taught medicine and surgery.
